

Riding the Financial Waves

Learn the importance of Financial Literacy

Mind Treasures provides financial education to various age groups; children, teens, college students, individuals, couples, families and partners.

Financial literacy consist of learning human potentials, decision making and goal setting processes, budgeting, sharing, saving, investing, credit and borrowing system.

At Mind Treasures, we have a great responsibility to educate the next generation so that they can make smart financial decisions. Learn the basics of teaching finances to children.

Prepare yourself for homeownership

Bank of America will provide basic information on the steps of owning your own home.
